

ANNA BINNA update

Harvest Update – Late December

Harvest 2017 is done & dusted

After eight huge weeks, this year's harvest has finally wrapped up. After numerous rainfall events dumping 50 mm of rain, the remainder of the wheat crop was still making high quality bread wheat. With more rain forecast, we were fortunate to have some neighbours come in and give us a hand to get the last of the crop off in good time.

With six machines running, we've had a busy few weeks in the paddocks and silos. After a challenging season, the inland crops yielded slightly better than we first thought, which certainly lifted the average to a much better result than we had expected.

Many thanks

Thanks to the Oster boys and the crew from Wheare farming for helping out with the extra harvesting capacity. Thanks also to the Davies crew from Maitland Freight for coming in with a fleet of trucks to

Marco, Tim & Danny
on the job

Wazza getting under the
pump

help shift the grain to port.

Cheers to our staff

I am eternally grateful for the commitment of our staff members who put in a huge effort to get the harvest done.

Our thoughts are with those still harvesting. I hope the crop is still OK after the recent rainfall – safe reaping for the rest of the season.

Wishing you and yours a Merry Christmas and all the best in 2018.

Regards,
Ben Wundersitz

Thanks to our contractor Tim the Balgowan Battler, who's still on the job locally. Great operator & team player

Our Christmas card shot for this year – great to have the 4th, 5th and 6th generation on the farm this harvest
